# 5 Persons Are Sighted At One-Plane Crash Scene

## CPA Airliner Down In B.C. Mountains

VANCOUVER, Dec. 23.—Five persons, some using fire-brands to signal, were sighted today around a mountain-landed Canadian Pacific Airlines plane.

The plane disappeared late yesterday on a flight from Vancouver to Calgary. It carried 15 passengers and a crew of three.

It crash-landed high up 5,500-foot Okanagan mountain, 20 miles north of Penticton, which is 180 miles east of here.

An RCMP search plane, pinpointing the plane for a ground search party, reported the aircraft appeared "practically intact."

It had landed in deep snow on the side of the mountain across Lake Okanagan from Penticton.

A signal fire was burning near the plane, around which the five persons were standing, frantically waving the bright fire-brands.

The signal fire was first spotted by an RCMP search plane around 3:30 a.m. Before daylight the ground party, including a dog sled team, headed into the mountains from Penticton.

The "pinpoint" plane reported back that it had sighted the land search party beating its way through deep snow and woods.

"It will take the party some time to reach the plane," said an RCMP spokesman.

The C.P.A. is dropping supplies at the scene and an RCMP aircraft is handling for the scene with additional supplies and medical aid.

It is possible other survivors are in the plane or sheltered out of view of the air searches.

Forty-nine snowbirds blanketed the area of high mountains in the crash area.

One RCMP search and rescue plane covered the area last night without results. Five more RCMP planes were ordered into the search at dawn. The search was extremely heavy icing conditions and low clouds made the search hazardous.

More than 100 Russian troops in the Far East are moving into winter quarters, allied intelligence experts here said today.

The move is expected to be completed next week.

From their wintering and frostbitten camps, the troops are streaming into waterproof and warm barracks and huts in and around the smaller towns.

German "police alert squad" (Heilmann) — more formally known as the German "Police" — have been moved out of their barracks to make way for the Russians.

## U.S. General Killed As Onslaught Near

Massive Blow by Chinese  
Reds Expected Momentarily

TOKYO, Dec. 23.—(AP)—The bereaved United States Eighth Army, with its fighting commander dead, faced up today to the growing probability of a bloody Christmas in battle.

The first staggering blow of the season was the loss of Lt. Gen. Walton H. Walker, who was killed in the forenoon in a jeep smash-up while driving to the front lines.

The second is expected to be a massive onslaught by Communist Chinese who may already have fought their way in force across the parallel 38 boundary into South Korea.

Gen. MacArthur's headquarters quickly announced the appointment of Lt. Gen. Matthew B. Ridgway to succeed Walker as Eighth Army chief.

The new commanding general of the United Nations force in the northwest comprising American, British, Filipino, Turk and South Korean troops is a much-decorated U.S. airborne corps general officer of the Second World War.

Only in the air was the new good. Six American F-86 Sabres (jet shot down six Russian-built MIG-15 jets Friday in a battle that flared from tree-top level to the thin air six miles up.

The Sabres damaged one other MIG and chased eight to 18 across the border to the Red's Manchurian sanctuary.

The Far East air forces said no American Sabres were lost in the greatest jet battle ever fought.

There was virtually no news from the Hungnam beachhead in the northeast Korea where U.S. 10th Corps elements last were reported holding a tiny pocket on the sea of Japan.

BEACHHEAD SHELLED  
A field dispatch said communist artillery shells fell on the crowded beachhead Saturday for the first time since the UN forces landed there for the enemy battery.

MacArthur's headquarters said UN forces repelled Communist attempts to crash the Hungnam perimeter Saturday. Planes, naval and artillery fire "continued to disperse and destroy enemy groups."

But in western central Korea, reports of Chinese forces mauling South Parallel 38 mounted by the border.

MacArthur's headquarters said Eighth Army patrols had run into Chinese troops somewhere near Chongnye, a village two miles south of the border.

The captured dead Korean messenger told interrogators of heavy Communist artillery movements toward the border near Kuma, a village only six miles north of 38.

Small Children  
Burn to Death  
—(AP)—Three small children burned to death yesterday in a fire that destroyed their frame home while their parents were away. Cause of the flames, which swept through the house in a matter of minutes, was not determined.

Police and firemen found the body of George Donnelly, 10, today. He is believed to have been trapped when he entered the back building to recover a new set of tools.

Five other night-shift workers made their way to safety.

ARMORY BLAST

—(AP)—Six national guardsmen were killed and six others injured by an explosion in the National Guard armory here last night.

Officials said the guardsmen were cleaning weapons when the blast occurred. They said the building was heated by kerosene gas, but could give no reason for the explosion.

### This Machine Quickly Sold

Needling a sewing machine was no trouble for one Edmonton man, even though this type of chore is usually left in the women's department.

The man had a machine he wanted to change into ready cash, so naturally, he advertised in Bulletin Want Ads.

That certainly ended his selling days—not long after the edition hit the streets his machine was sold.

If you have anything cluttering up the attic or basement—anything at all—call the Bulletin, 4211, and place your inexpensive ad.

Then just sit back, relax, and wait for the callers to come, Simple, isn't it?

LT. GEN. WALTON H. WALKER ... killed in Korea

## Christmas Day Weather Outlook Good

Edmonton will be enjoying "Pacific" weather Christmas Day. The balmy air may embrace the district will continue despite the threat of cold air trying to move down from the north, the forecaster said today.

His actual words were: We'll have enough of this Pacific warm air to push the cold air back.

The forecast said Christmas Day would be cloudy, with temperatures above normal for the season and a probable high of 30 above.

DOWN SLIGHTLY  
That's a few degrees down, however, from the 42.2 maximum temperature at 3:30 a.m. yesterday—highest reading in seven weeks.

Today it was expected the mercury would reach 35 above after an overnight low of 26 above at midnight.

General forecast for today was cloudy with clear intervals, little change in temperature.

Sunday was another pea from the same weather pod.

## U.S. Living Cost at Peak

WASHINGTON, Dec. 23.—(AP)—The cost of living in the United States rose another 0.5 per cent to an all-time high between Oct. 15 and Nov. 15, the Bureau of Labor Statistics reported today.

The cost-of-living index reached 174.6 per cent of the 1935-39 average Nov. 15. That was 3.2 per cent higher than the index of last June, prior to the Korean fighting, and 4.2 per cent above a year ago. It was 31.7 per cent higher than 1946, when price controls were lifted.

The underlying demand came from many legislators otherwise busily engaged in one of the bitterest battles over foreign policy since before the Second World War.

Led by State Secretary Acheson, the Democrats reversed a trend of several months and sided with the Republicans in opposing the initiative with attacks on former President Herbert Hoover's recent call for a hemispheric defense plan.

Without mentioning Hoover by name, Acheson told a press conference yesterday that any move to withdraw behind the oceans and isolate the United States from Europe's troubles would mean

quick conquest of Europe and Asia by a foreign invader.

He said the national security council had rejected a policy of winning American defense bids in this hemisphere, deciding that could lead only to "surrender or defeat."

MEETING PROPOSED  
Shortly after Acheson spoke out, the state department made public an American note to Moscow proposing a new meeting of the Big Four foreign ministers.

Britain and France sent similar notes, but state department officials were pessimistic about prospects that Moscow would agree to such a meeting.

The American note rejected Russia's two-month-old proposal that the United States, Britain, France and the Soviet Union discuss Moscow's charges that the West is rearming Germany in violation

of the pledged word. However, it expressed readiness to confer on the "principal problems" existing between East and West in an effort to eliminate "present international tensions throughout the world."

ALREADY GIVEN  
Senator Hickenlooper (Rep.-Ia.), a foreign relations committee member who has been in the vanguard of Republicans demanding Acheson's ouster, said yesterday that assurances of this kind have been demanded from the western European countries.

## Busy Session Seen for City Movie Houses

Theatre operators are going to be just about the busiest people in Edmonton over the Christmas week-end.

Christmas for them means a sell-out show Sunday midnight, overtime crowd Monday afternoon and evening and another special show Monday midnight.

Only the plans of the Capitol, Empress and Rialto theatres are this ambitious but all the theatres in the city will be open for a brisk Christmas business.

With the restaurant and cabaret it seems to be a policy of some of the people all the time, some of the time, some serving some of the people all the time but most serving all of the people all the time.

Patrons are advised to check their favorite dining or dancing spots as to whether they are open, closed or keeping restricted hours Sunday and Monday.

## CITY CRIME STAYS LOW OVERNIGHT

Burglaries were kept to a minimum as police reported only two break-ins in the city last night.

Sealing a high fence and breaking a rear window, thieves ransacked the Somerville Hardware and stole a quantity of carpenter's tools.

Two men in a late model car were caught stealing lumber from the King Edward School, 87 street and 78 avenue, late last night.

A school board patrolman, Robert Tod, 7316 106 street, saw the men but they escaped before he could apprehend them.

## Officers Serve Christmas Feast

It will be "about turn" at the officers' mess of North West Air Command Christmas day.

This is the day when the officers do the KP duty for the enlisted men.

Christmas morning, officers of NWAC and Western Army Command will entertain the sergeant's mess at a social gathering in the officers' mess.

Following the morning's activities, the men will adjourn to the composite mess to serve the Christmas dinner.

Officers must see that all enlisted men are well served and happy. In charge of carving the turkey is Maj.-Gen. M. H. S. Penhale, officer commanding, Western Command, and Air-Vice Marshal C. R. Dunlop, officer commanding, North West Air Command.

Purchase of the Marquis Hotel in Lethbridge by the Cristall hotel chain will not interfere with plans to construct a new modern 200-room hotel in Edmonton.

Announcement of purchase of the large Lethbridge hotel by the Cristall Bros. of Edmonton and Calgary was announced today.

"We are still proceeding with plans to build a first class hotel in Edmonton on our property at 102 avenue and 10th street. We anticipate going ahead with those plans," Teddy Cristall, spokesman for the Cristall chain, said.

Plans OKAYED  
Plans of architects have already been approved for the Edmonton hotel that will cost an estimated \$750,000.

The Cristalls now operate the Royal George and Leland hotels in Edmonton, the York in Calgary and the Marquis in Lethbridge.

Members of the firm are Max, Teddy and George Cristall and Harry Baltan.

## Oh, for an Old-Fashioned CHRISTMAS...

A Christmas as it Used to Be When  
**Johnstone Walker's**  
First Opened Its Doors...

This year, perhaps more than ever before, the true spirit of Christmas is in our hearts and thoughts.

With these turbulent times uppermost in our minds we look back to the pioneer days of 1886 for a theme which best expresses our emotions... A Christmas like one the Artist has sketched with heaps of snow, starry nights and carollers at the door!

... Think back over the years rich with tradition and happy celebrations that Christmas in Edmonton and other pioneer parts of Canada used to mean and the reason for our choice becomes apparent.

This is the kind of Christmas we wish the world could enjoy... a Christmas of hospitality and good fellowship... a Christmas we can still enjoy because peace on earth, goodwill toward men is still more than an empty phrase with Canada, Great Britain and America... and others that stand loyally by and are associated with the United Nations.

# "Good Tidings of Great Joy"

"And Mary said, My soul doth magnify the Lord, And my spirit hath rejoiced in God my Saviour . . . He hath put down the mighty from their seats and hath exalted them of low degree."

"And in the sixth month the Angel Gabriel was sent from God . . . to a Virgin whose name was Mary. And the Angel . . . said, Hail thou that art highly favored, the Lord is with thee; blessed art thou among women . . . thou shalt bring forth a Son . . . and of His Kingdom there shall be no end . . . and He shall be called the Son of God."

"Now when Jesus was born in Bethlehem, there came three wise men from the east . . . and lo, the star, which they saw in the east, went before them, till it came and stood over where the young Child was."

"... because there was no room for them in the inn."

**I**N THE BEGINNING was the Word, and the Word was with God, and the Word was God.

The same was in the beginning with God.

All things were made by Him; and without Him was not anything made that was made.

In Him was life; and the life was the light of men.

And the light shineth in darkness; and the darkness comprehended it not.

There was a man sent from God whose name was John.

The same came for a witness, to bear witness of the Light, that all men through him might believe.

He was not that Light, but was sent to bear witness of that Light.

That was the true Light, which lighteth every man, that cometh into the world.

He was in the world, and the world was made by Him, and the world knew Him not.

He came unto His own, and His own received Him not.

But as many as received Him, to them gave He power to become the sons of God, even to them who believe on His name.

Which were born, not of blood, nor of the will of the flesh, nor of the will of men, but of God.

And the WORD WAS MADE FLESH, and dwelt among us, (and we beheld His glory, the glory as of the only Begotten of the Father,) full of grace and truth.

"And she brought forth her firstborn Son, and wrapped Him in swaddling clothes."

"And when they were come into the house, they saw the young Child with Mary His mother, and fell down and worshipped Him; and when they had opened their treasures, they presented unto Him gifts, gold and frankincense and myrrh."

"And the Babe, lying in a manger."

"And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them . . . and the angel said unto them, Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Saviour, which is Christ the Lord."

## League Aims At Teen-Age Help

### Community Groups Call It Most Neglected City Group

An extensive program suited for the teen-age group in the city will be the major objective of the city community leagues in 1951.

#### W. B. Wade Heads Jr. Grain Club

DRUMHELLER, Dec. 23.—Members of the Drumheller Junior Grain Club at a recent meeting elected W. Brooke Wade to the position of club leader to start a fourth term. During recent weeks N. Fred Bell, district agriculturist, has made appeals here for a sponsor for the club. Wade, former junior club member, in the past seasons has scored outstanding success with the club in national, provincial and local grain events.

Full slate of officers elected for the coming term are: W. Brooke Wade, leader; Walter Shaddock, president; Delmar Adie, vice-president; Ronald Leonhardt, secretary; advisory committee, Cecil McArthur, Rod Sharpe and H. J. Clark.

#### Myrnam Curlers Choose Skips

MYRNAM, Dec. 23.—Myrnam Ladies Curling Club named seven skips at a recent meeting.

These are: Mrs. Anne Chodol, Mrs. Mildren Demchuk, Mrs. Mary Mianchuk, Mrs. F. Pedasolney, Mrs. Kathleen Shymka, Mrs. Beate Tachuk, and Zinnia Tymchuk. Altogether there are 31 members, the largest number since the club was first organized.

A spacious luncheonroom, situated upstairs, is well finished and decorated. Here a hot lunch may be had during the bonspiels, and where members may relax between games.

#### Wetaskiwin Council Checks Traffic

WETASKIWIN, Dec. 23.—Speeders on Wetaskiwin streets are going to find it tough going when the City Council completes an investigation on what can be done to deter wayward driving.

It has been suggested that a fine first of one dollar be levied and if this charge is disputed, a formal charge of speeding be laid.

At the same meeting Mayor Morley Merner was delegated to act as Wetaskiwin representative at a meeting of delegates from other Alberta cities to discuss the proposed Uniform City Charter Meeting which was held in Calgary.

The tough imported wool in carpets jumped from 23 cents a pound to \$1.42 in three years. The reason for the boost in price is attributed to Russia, a strong competitor in the Argentine market for the wool, which she uses for army uniforms.

A further step in coping with the problems of this very important group will be the extension of the Boysdale camp. Several new huts and accommodations will be constructed early this spring.

**SPORTS LAST YEAR**  
The past year's program emphasized sports activities for the younger group.

Each league concentrated on providing better recreational facilities and sponsored intensive drives for more membership.

Mrs. W. T. Rice, secretary-treasurer of the federation, said:

"Our general program was extremely successful last year. In fact, it was the best year in the history of the community leagues and the federation."

One new league was formed, that of Inglewood, bringing the total of active leagues in the city to 36.

**MEMBERSHIP UP**  
Membership in every league was increased and because of this, many leagues are planning building programs in 1951.

McKernan Lake and Bonnie Doon leagues plan to build new community halls this year and many other leagues will construct more and better sports grounds.

The final show of the winter's sports program will take place early in 1951, probably February, when the figure skating class puts on its giant Ice Capades in the Edmonton Gardens.

This class is the largest of its kind in Canada and is a true example of what can be done with children if the proper time and patience is employed.

#### Pistols Stolen From Museum At Moose Jaw

MOOSE JAW, Sask., Dec. 23.—(CP)—Thieves broke through the glass panels of Moose Jaw museum showcases to steal 16 pistols. Nothing else was taken.

Seven of the pistols taken are serviceable, museum officials said.

A similar theft occurred at the Manitoba museum in Winnipeg Dec. 2, when a German Schmeisser sub-machine gun was taken from a showcase. Two days later, 12 army pistols were stolen from Minto armoury in Winnipeg.

**Video Necklines Fail To Swerve Hollywood**  
By BOB THOMAS  
HOLLYWOOD, Dec. 22.—(AP)—Hollywood has turned back the television challenge—in the matter of necklines, anyway.

The girls on video, notably Fay Emersen, have been wearing gowns that are down to the knees.

Now you might expect Hollywood to fight fire with fire, or rather to take the plunge. But no. Movie necklines are going up. So says Helen Rose, who designs the gowns for MGM's glamor girls.

"I don't know how those girls on television get away with it," she commented. "If we put Elizabeth Taylor in a gown such as Fay Emersen wears, we'd be flooded with protests."

**HOLLYWOOD HOLDS LINE**  
"Our high-water mark is the point of cleavage," explained Miss Rose. "Beyond that, we cannot go."

Why are Hollywood necklines going up?  
"I think the plunging neckline is unattractive to the average woman. Of course, some women might look attractive with no neckline at all. But on most women, the bosom is not a graceful line at all. And many

## Authenticity of B.C. Will To Be Settled In January

VANCOUVER, Dec. 22.—(CP)—Chief Justice W. B. Parris of the British Columbia Supreme Court will decide in January whether the disputed \$800,000 will of Vancouver hotelman James Thomson is genuine or a forgery.

Today he directed the official administrator to continue with the case Jan. 15. "The presumption in law," he said, "is against a crime having been committed to it is the official administrator's duty to have the will properly proved if he can."

Twelve days ago Vancouver foreman Gilbert Campbell, who stood to inherit \$800,000 if the will were proved genuine, withdrew from the case. He said there were indications the will was not authentic.

Thomson, a four-time millionaire, died more than two years ago. Six cousins were in line for his entire fortune until the disputed will was found in a real estate office here 13 months ago. It named Campbell chief beneficiary.

The six cousins contend the will is a forgery. The two witnesses to the will are dead.

India now has 252,000,000 acres under cultivation, and is planning to reclaim another 3,000,000 acres.

"Why, I saw dresses from Paris that were 16 and 18 inches from the floor," said Miss Rose, slightly agitated. "That's going right back to 1938! In Hollywood we're going to stick to the basic 14 inches from the floor, and we always have, even when Paris was down to 10 and 12 inches a couple of years ago."

"It's the manufacturers who set these arbitrary heights, so they can sell dresses. Our job is not to sell dresses, but to make movie stars look the most attractive."

## British Soldiers Are Awaiting Mail

**Troops In Korea Get Bumper Letter Delivery; More Coming**

WITH BRITISH FORCES IN KOREA, Dec. 23.—(Reuters)—British troops today were eagerly awaiting the arrival of more Christmas mail after a bumper delivery last night. Hundreds of mail bags still have to be shifted from rear echelons.

The avalanche of Christmas cards, letters and gifts caused a sensation. Volunteers staggered around handling loads of mail.

Pledges of "I'll keep this until Christmas day" were early when homemade cakes, nuts, raisins, cookies and other delicacies were handed out. They proved too great a contrast to army rations.

There are other manifestations of the Christmas spirit in the 27th and 29th Brigades area.

**SIGNS POSTED**  
Unit "Merry Christmas" signs have been posted and bivouacs have been decorated with foliage and colored gift wrappings.

The whole British sector looks like one big farmyard. Carefully fattened geese, ducks, and chickens strut around small pens, greeted by successful "scroungers."

The livestock—and government-supplied turkeys—will be the main item on the menu come Christmas Day.

British Tommies now want only one thing to make their Christmas complete—beer. And truckloads of it are being made ready for distribution.

An old cheese box, with the lid padded, covered with attractive cloth, draped to the floor makes a lovely vanity seat. The cheese box also serves as a catch-all for out-of-season footgear.

## Edmonton AA's Plan For Gay Xmas Season

### CHRISTMAS HOLDS NEW PERIL FOR POP

VANCOUVER, Dec. 23.—(CP)—Santa hopes the "old man" fixed the chimneys. A letter to "Dear Santa Claus" received at the post office here from Paul in the Okanagan Valley, ends: "Bye now, and see you down the chimney on Christmas Eve. I will have the old man clean it out."

### St. Laurent Will Pay Paris Visit During January

OTTAWA, Dec. 23.—(CP)—Prime Minister St. Laurent announced yesterday he has accepted an invitation from the French government to visit Paris immediately after the conference of commonwealth prime ministers in London early in January. If the London conference ends Jan. 12, as expected, Mr. St. Laurent will spend Jan. 12 and 14 in Paris. His announcement said he will take advantage of his visit "to meet the president of the republic and to have conversations with the prime minister and other members of the French government."

### Factory Burns In Port Credit

PORT CREDIT, Ont., Dec. 23.—(CP)—Fire of undetermined origin last night swept through the factory of the Federal Sales and Engineering Company and an adjoining warehouse in this town seven miles west of Toronto.

Volunteer fire-fighters said their work was hampered because only one hydrant was available. The firemen used buckets to douse the flames. No estimate of damage was available.

## Record Holiday Travel Predicted

### Trains, Buses and Airlines Will Be Crowded for Xmas

Thousands of Edmontonians trying to get home for Christmas are causing local transportation officials to predict a record holiday business.

Trains, buses and airlines are handling thousands of passengers in and out of the city. Space is at a premium and more so every day as the holiday gets closer and closer.

We're using everything we can get our hands on," was the way one harassed bus official reported the mass movement. He estimated that the traffic was at least 30 per cent higher than normal.

A spokesman of the bus company said the rush would continue right up to Sunday midnight. "Our night schedules are almost as crowded

as those in the day," he said. A slight drop-off is expected between the holidays with another flurry of business at the New Year.

Trans Canada Airlines report that flights in and out of Edmonton have been booked solid since last Monday right through until Jan. 5. They have had to put second

sections on for both passengers and cargo, with an extra flight in and out of the city daily. Other airlines report an increase from last year with solid bookings until Christmas.

Local CPR and CNR officials are growing slightly grey trying to find enough room for all their holiday travellers. "People with last minute reservations can't always be accommodated," one ticket agent said.

Extra cars are being added to most trains out of Edmonton but thus far it doesn't appear there will be any new schedules. According to CNR the heaviest travel out of the city is eastward. Railway officials don't expect a drop off between the holidays.

### MOTORISTS HIT ROAD

Motorists are already hitting the roads for Alberta points. If the weather keeps his present sunny disposition they can look forward to good travelling.

Alberta Motor Association reports that most roads in the province are good, but a bit soft in some sections where there has

been recent snow. Continuing mild weather should put them in fine shape however for holiday travel. AMA predicts a record with thousands of cars carrying Albertans home for the holidays.

Weather officials say that the present trend indicates a continuation of mild weather at least until Sunday night.

### Police Entertain Young Offenders

WOODSTOCK, Ont., Dec. 23.—(CP)—A unique Christmas party was held by the Woodstock City Police Association when they entertained some 30 juvenile offenders today. The juveniles were presented with gifts.

Chief Constable James Ennis said the party was tried as an experiment last year and proved so successful that they decided to carry it on.

Forecasters estimate that fires caused \$10,000 damage to 12,000 acres of woodland in Illinois in 1949.

## EMMANUEL GOD WITH US

"For God to unite Himself with man, it was necessary that He should veil Himself with a body suitable to His reception by the union with man; therefore He came down and assumed the human nature according to the order established by Him from the creation of the world. This was that He should be conceived by power going forth from Himself, be born in the woman and born, and should afterwards grow in wisdom and love, and so reunite with the essential divinity; and that thus God became Man, and Man God."  
"This is plainly taught in the Word; for God Himself, who in His human nature is called Jesus Christ, says that the Father is in Him, and He the Father; that he that seeth Him seeth the Father; and that He and the Father are one."

## Crow's Nest Lookout Job Lonely One

MONTREAL. — (CP) — The world is full of lonely professions but shipping men will tell you the loneliest at sea is the lookout who swings away in the loneliness of a bouncing line in the teeth of a stiff Atlantic gale.

Typical of the men who are the "eyes" of the ship during the long Atlantic voyage is Gerard Widdows, who holds down one of the toughest watches on the Cunard liner Arcadia.

### Winnipegger Has Strange War Trophy

WINNIPEG. — (UPI) — Many a war souvenir adorns the home of Canadians who fought in both world wars but few can match one picked up by E. A. Hillon of Winnipeg.

Hillon, a leading signman with the Royal Canadian Navy in the second world war, was an aborigine South American warrior's head among his prized possessions.

### WEATHER VARIETY

"You get a bit of every type of weather up there," he explained. "In the summer you get the boiling heat and in the winter it's the ice, sleet and snow. Then when the ship starts to roll in bad weather the lookout has to hang on with his teeth."

However, the job has its advantages, Gerard admits. "Up there all alone on a clear day or a starry night it gives you plenty of time to think about things and to solve some of your problems you don't seem to straighten out down here. I find it very helpful that way."

"This Christianity is a revolutionary spirit, more fearful than the atomic bomb. No individual, no institution, shall come to rest until it is brought down to earth. This is my commandment. That ye love one another as I have loved you." — John 15:12.

### LADY A SITTER

A child in Washington saw a picture of the Madonna and the Christ-child and asked who the lady was. When told that it was Christ, she asked, "Who is the lady?"  
Yet in Christmas there is a goodness which pervades the world, a light which, however it may be veiled, it penetrates the domain of evil. The values of Christ judge the values of the world, even when we are ignorant of such valuation. In order to justify their excuses, Communism is forced to twist language to meet the conscience of the world.

### HOPE OF WORLD

This is the hope of the world. Because Lord Shafesbury was a devout Christian, he was sure his efforts to pass child labor legislation would be successful. "It was defeated last night—that dream had not destroyed. The silliest, darkest hour is just before the dawn."

Righteousness will prevail! Or, as John put it "The light shineth in darkness; and the darkness comprehended it not." Perhaps "extinguished" would be clearer to us.

ROME, Dec. 23 — (AP) — Foreign Minister Carlo Sivola said today that Italy favors a Mediterranean pact, including Greece and Turkey, to counter the threat of the West against Red aggression.

"Defence of the Mediterranean," he told the Chamber of Deputies, "must be considered one of Italy's major aims, and these days it is steadily acquiring greater importance."

A child in Washington saw a picture of the Madonna and the Christ-child and asked who the lady was. When told that it was Christ, she asked, "Who is the lady?"  
Yet in Christmas there is a goodness which pervades the world, a light which, however it may be veiled, it penetrates the domain of evil. The values of Christ judge the values of the world, even when we are ignorant of such valuation. In order to justify their excuses, Communism is forced to twist language to meet the conscience of the world.

### HOPE OF WORLD

This is the hope of the world. Because Lord Shafesbury was a devout Christian, he was sure his efforts to pass child labor legislation would be successful. "It was defeated last night—that dream had not destroyed. The silliest, darkest hour is just before the dawn."

Righteousness will prevail! Or, as John put it "The light shineth in darkness; and the darkness comprehended it not." Perhaps "extinguished" would be clearer to us.

## Cyclamen Raising Easy If Careful

Can Be Made to Bloom Until March, Again Next December

By Henry Frey

One of the notes on our calendar of chores for the indoor gardener says:

"Keep the cyclamen in a cold place, 50 to 60 degrees, where it gets plenty of sunlight. Give it liquid manure feedings every two weeks."

The cyclamen, a member of the primrose family, is in winter and early spring perennial plant in its native Greece and Syria and can be grown outdoors only where the spring climate is like that of Southern Europe.

At this season it has its first burst of white, pink and red flowers.

RUDY POLIAGE

Highly recommended for both its attractive ruddy foliage and flowers, the cyclamen, with proper care, can be made to bloom until late March, and if you possess the green thumb, it can be made to bloom again next December.

The most common faults in caring for the cyclamen are keeping it too warm and failing to give it enough water. The ideal temperature is about 55 degrees, and the closer you can approach it the better.

## FIX-IT FORUM

Q—I have a leak in my cement laundry tub. How can it be repaired?—Mrs. W. C.

A—to repair, cut into the cement with a cold chisel along the crack to make a groove one-half inch or deeper. After wetting the old cement, fill the crack with a stiff mixture of 1 part portland cement and 2 parts sand. Fill the tub with water and leave it to cure for two days or longer to give time for the patch to cure and reach full density.

Eisenhower Picks His Headquarters

PARIS, Dec. 23.—(Reuters)—Gen. Dwight D. Eisenhower will probably set up his first temporary headquarters in the ornate Hotel Astoria here, when he comes to Europe next month to command the Atlantic army.

The Astoria, built in 1907, is said to have been earmarked by the Kaiser for his personal use when he would march triumphantly into Paris in the First World War.

## Piano as Focal Point Enhances Room Beauty

A piano can be as attractive as it is musical—when you decorate the wall behind it and arrange the furniture around it. Remember, too, that you can use your piano many places, many ways.

In the living room, it's a focal point: between living and dining areas, it can be a space divider; in the bedroom, it might create an alcove.

Before you move your piano, check the room for a place to place it. Place your piano against an inside wall—away from radiators or fireplaces—to protect its finish and mechanism.

BY USING WALL

Dramatize its beauty by using the wall behind the piano for pictures, a mirror, or hanging shelves. Bring the piano into your room with a group of chairs nearby for easy listening.

Make your piano comfortable with a chair or bench that's the right height. A chair may be more decorative, but a bench often provides music storage.

Choose a floor lamp or bridge lamp for good lighting—a pin-up lamp if your piano is at right angles to the wall. Or consider

## Seat-of-the-Pants Flying Obsolete as Jenny Fighter

**By Garth Hopkins**

Pilots don't fly by the seat of their pants around Edmonton these days.

The old bush pilot method of flying "by guess and by gosh" and no instruments is just as obsolete as the first war Jenny fighter plane.

Ground Control Approach, or GCA as it is more commonly called, is the radar type, RCAF method of bringing in planes when the runway is obscured by fog or snow... and it is an easy, sure-fire method.

The pilot places himself in the hands of the trained operator on the ground and flies his plane exactly as the operator directs.

I spent an afternoon in the cramped quarters of the portable trailer that houses the GCA equipment.

Two men operate the complex equipment, the main parts of which are two radar scopes, which show the exact position and altitude of every plane within 30 miles to a height of 4,000 feet.

Each plane or object within this range appears as a tiny white blot on the radar screen.

The GCA operator is in radio contact with the pilot of the ship coming in. He informs him of the exact weather conditions of the area and his bearing with the airport and other planes in the vicinity.

This operator guides the pilot onto the glide path, brings him within a certain distance of the airport and then turns him over to the final controller.

The final controller keeps his

## SNEAK TAKES CHEER FUNDS

**VANCOUVER, Dec. 23 —** (CP)—A sneak thief yesterday robbed a Salvation Army safe of \$300, part of the Christmas cheer fund. The money was to provide Christmas dinner for 300 homeless men.

From his course he got a prompt warning from AGT. As he got one-quarter of a mile from the ground, he manifested for the landing gear to be dropped and wing flaps lowered.

"You're on course. Coming in very nicely indeed. You are approaching the end of the runway. You're over."

At this exact instant, the wheels of the ship brush the runway, the pilot cuts the throttle and brakes the ship to taxiing speed.

Thus, a perfect landing has been accomplished and the pilot never saw the ground.

## 10 Radio Station Licences Sought

**Applications Come Before CBC Governors Next Month**

**OTTAWA, Dec. 23—(CP)—**The CBC board of governors at meetings in Montreal next month will consider 10 applications for new radio stations, it was announced today.

The board will hold a closed meeting in Montreal Jan. 11 and a public meeting the following day.

Five of the 10 applications for new stations are from Saskatoon, Sask.

J. F. Sweeney, Weston Clifford Fisher, R. A. Hesse and Saskatoon Broadcasters Limited have all applied for permission to establish a 350-watt station at Saskatoon.

A company called Radio-Prattier Nord has applied for permission to establish a 1,000-watt French-language station in Saskatoon.

Radio-Gravelbourg Limited has applied for a 250-watt French-language station at Gravelbourg.

G. W. Stirling of St. John's Nfld. has applied for a 4,000-watt station in St. John's, Hugh M. Gibbald of Edmonton has applied for a 1,000-watt station there.

J. Conrad Lavigne seeks a licence for a 1,000-watt French-language station at Timmins, Ont. Radio Victorville Limited, already granted a licence for a new station at Victorville, Que., has submitted a new application. The company now wants to establish a 250-watt station at Drummondville, Que., which would give the same program service as the Victorville station.

### Pat Juniors In 4-0 Win

REGINA, Dec. 23.—(CP)—Four goals in the first period were enough to give Regina Pat's a 4-0 victory last night over the fourth-place Medicine Hat Tigers in a Western Canada Junior Hockey League game.

It was the second shutout of the season for young Bob Tyler, two other goalies in the circuit, Hank Hansen of Calgary and Keith Martin, formerly of Lethbridge Native Sons, have one apiece.

Tigers' attack threatened to spoil Tyler's shutout bid. They only drove 17 pucks at him—and just four in the third period.

Goody Cowan shared the night's honors with Tyler. He scored three of the four Regina counters. Harry Schmidt accounted for the other.

Pats seemed to thrive on being short-handed. They scored their first two goals while killing off a penalty.

Most exciting part of the two final games was a free-kill which took place midway through the first.

Steve Has and Murray Swanson of Tigers were handed man-of-the-match honors by Lethbridge and Smith of Pat's. Len Haley received a 10-minute misconduct five minutes later for using abusive language.

## B.C. BADMINTON CLUBS ADOPT DOLLAR PLAN

VANCOUVER, Dec. 22.—(CP)—The British Columbia Badminton Association has decided to convert its sprawling domain to the "Dollar Plan" of the Canadian Badminton Association.

Some months ago the B.C. Association was threatened with disaffiliation when it turned down the Canadian governing body's association contribution plan.

It calls on every member of an organized club to pay an extra dollar each year on his annual dues.

## Battle Royal Set For Boxing Day

Christmas isn't quite here yet, but those "mean" rascals are planning a wing-ding the day after anyway.

Ten of raciestest top performers will hold forth in a battle royal at the Stock Pavilion on Boxing Day.

Those taking part in the show include Tony Acosta, from Mexico; Dave Hunt, Lou Spjoberg, Gene Dubonne, Paul Loria, Cliff Thiede, Lenny Paer, Steve Loh and Al Miller.

All eleven Algonquin have performed here before. Acosta is a 280-pound grappler from Tacoma, B.C., also he is extremely vicious in the ring. He has been.

Len Spjoberg, 28-year-old giant from Minnesota, and Cliff Thiede returned to the Cow Palace after an absence of almost a year.

First-man eliminated is out of the evening competition for the future. Last man to stay in is the winner (as he doesn't fight no more).

Remaining eight will be paired off in order of elimination.

Rugger Mentor To Coach Hockey

GLACE BAY, N.S., Dec. 22.—(CP)—Mr. English Rugby of Gloucester took over as junior hockey coach here yesterday.

Charlie McVicar, coach of the powerful English rugby Canadians team for many years, announced that Henry Thompson of Winnipeg as the junior hockey coach. Thompson left Thursday night after a long string of losses.

## Lalonde Top Lacrosse Ace Of First Fifty Years

TORONTO, Dec. 23.—(CP)—Member of Hockey's Hall of Fame and a lifetime printer's devil who was tabbed the "Cobb" of hockey, Edward Cyril Lalonde—nationally known as Newey—last night was named Canada's outstanding lacrosse player of the last 50 years.

The title of the greatest team went to Montreal Shamrocks of the 1900-01 era.

Tricky, calculating smoothie of the ice and lacrosse lines in the early 1900s to the mid-20s, Newey was given the honor by sports writers in a Canadian press poll. He gained 13 votes, six more than the late Billy Fitzgerald of St. Catharines, Ont.

The late Henry Hootin, all-time top player with the Shamrocks when they were in their heyday, was next in line with five.

Six others were named, including Lionel Conacher of Toronto, Alex (Dad) Turnbull, a star with the Shamrocks at the turn of the century, Joe La.

IN 1910 he helped the Nationals to the National league title and the

## Power Commission OK's Hydro Project

Federal Power Group Backs Up St. Lawrence Seaway Scheme

WASHINGTON, Dec. 23.—(AP)—The Federal Power Commission yesterday gave strong support to President Truman's oft-expressed desire that Congress approve legislation authorizing construction of the St. Lawrence seaway and power development.

The commission, in a decision denying a New York state application to construct only the power phase of the development in collaboration with the province of Ontario, said:

"The critical international situation now facing the world calls for immediate commencement of construction of the combined project."

The highly-controversial seaway proposal has been debated for more than 30 years. Congress, in one form or another, has turned it down three times.

### FROM PORT CITIES

Opposition to it, and the related power development, has come mainly from port cities, railroads and private utilities.

The decision of the commission, with one member dissenting, coincided almost exactly with a recommendation made last December by an FPC examiner after hearings on the New York application.

Under the new proposal, and that advanced by army engineers, the power yield would be shared equally between the United States

and Canada. Each country would contribute like amounts for construction costs. It would cost an estimated \$800,000,000.

### COMBINED PROPOSAL

The commission's decision said that international benefits from the seaway made it desirable for Congress to pass upon the combined proposal rather than "on a piecemeal basis."

This has been Truman's position in numerous comments on the St. Lawrence issue. Governor Thomas E. Dewey of New York, in effect, has said that the Truman administration has blocked New York proposals to develop the huge hydro-electric potential—estimated at 2,300,000 horsepower.

### Passengers Flee Speeding Fire Coach

CHICAGO, Dec. 23.—(AP)—Eleven persons were injured in a fire which flared in a coach of a speeding suburban electric train as it rumbled along elevated tracks today.

Panic started among the 70 passengers in the coach. Witnesses said the passengers broke all windows in the car and escaped the flames. Fire Chief Raymond Mikolich said an electrical short in a switch box caused the fire.

## THOSE REVENOOERS ARE UP THAR AGAIN

BALLSTON SPA, N.Y., Dec. 23.—(AP)—Sheriff's deputies took into custody four men whom villagers considered "suspicious-looking." The four were released almost immediately.

That was a week ago. Yesterday, Sheriff Frank Hathura disclosed that the four were internal revenue agents looking for a still.

## N.B. Premier Not Quotable

CHARLOTTETOWN, Dec. 23.—

(CP)—Premier J. Walter Jones had a short reply when asked

yesterday for a comment on what he thought of the railway request for a further immediate freight rates increase.

"You couldn't print what I'm thinking," he declared.

The 30 trolley buses which will replace the last of Edmonton's street cars will be larger and better than ever.

They will be ordered from the Canada Car and Foundry at Fort William, Thomas Feetie, superintendent of the Edmonton Transit System, said yesterday.

The new buses will seat 40 passengers, four more than the present buses have. The larger size is now standard, Mr. Feetie said.

## Canada's Jobless Said Increasing

OTTAWA, Dec. 23.—(CP)—Seasonal shutdowns and shortages of materials have contributed to an increase in the number of Canada's unemployed, the labor department reported yesterday.

At Nov. 30, there were 186,500 unemployed registered at National Employment Service offices. This was a decrease of 22,500 in the two weeks from Nov. 16 to Nov. 30, but 34,100 fewer than at Nov. 30, 1949.

The department reported a continued shortage of workers highly skilled in metal trades and said that the need for woodworkers is slowing down as camps are being filled in most districts.

"The shortages of skilled labor were most apparent in firms manufacturing machinery and equipment and those producing consumer durable goods such as household appliances," said the department.

"In the construction industry, shortages of structural steel and construction materials have resulted in a number of layoffs. As well, unreasonable cold was

## Weird Phenomena Hits Air Waves

### Technical Experts Puzzled Over 3-Month Performance

LONDON, Dec. 23.—(Reuters)—Something has hit the world's air waves during the last three months and communications men here admit they are baffled.

Wherever the "something" is, and there are some startling theories about it, it is expected to cause havoc on international radio channels during the Christmas week. In addition, failure of wireless channels is expected to throw an unprecedented load on international cables.

Abnormally erratic reception has been reported in London from many parts of the world during the last three months. Extensive hook-up arrangements may go to pieces if disturbances continue, and experts said there is every indication they will.

The BBC is scheduled to relay goodwill greetings connecting both hemispheres. United States, French, German, Belgian, Austrian, Italian and Swiss radio stations are to link up for broadcasts.

Stunners were blamed when the first interference was reported late in August, but experts began to change their theories when the trouble continued spasmodically.

**MANY THEORIES**  
Some of them suggested radiation from atom-research plants had interfered. Some even said they

## Raiders Grab 300-Turkeys

BRISTOL, Eng., Dec. 23.—(CP)—A gang of thieves last night raided Bristol store and got away with a haul of Christmas turkeys worth £1,500 (about \$4,500). The thieves are believed to have used a truck to carry away 300 birds.

## Britons Rush For Clothing Before 1951

LONDON.—(CP)—From Land's End to John O'Groats, Britons are buying new clothes.

Before the bells toll farewell to 1950, thousands will have added to their wardrobes. This sudden buying spree is a direct result of a sharp rise in raw wool prices.

Since June, British wool textiles have increased in price from 15 per cent for lower-grade wools to 25 per cent for all-wool wools, and further increases are expected. All that now stands between the consumer and the biggest rise in clothing since 1939 are the existing stocks in shops and warehouses.

Although this fact is fully realized, there is no panic-buying. Stocks are good and customers are shopping with care. Men are choosing useful dark lounge suits, women favor the all-purpose blacks.

West End tailors say they have 60 to 80 per cent more orders in hand than they had at this time last year. People are ordering top-grade flannels and wools that will remain in the tailors' hands until late in the coming year.

This premature buying is causing much concern in the trade.

## Noted U.S. Composer Dies of Heart Attack

NEW YORK, Dec. 23.—(AP)—Walter Damrosch, 88, noted conductor and composer, died last night.

A heart attack ended his life at his home.

The white-haired, German-born musician retired in 1938 but came back a year later to begin a new career of bringing music to schools and homes via radio.

He quit for good in 1947 with the quip that he might try a comeback later.

Damrosch came to the United States with his father, also a musician, in 1871 and first gained attention 10 years later as conductor of the New York A.L. harmonic society.

At the age of 23, in 1885, he became manager of the Metropolitan Opera Company, a post held by him until, Leopold, who died suddenly.

In 1901, Damrosch opened Carnegie Hall with a musical festival.

## INDUSTRIES IN Nfld. AFTER NEW MARKETS

ST. JOHN'S, Nfld.—(CP)—Newfoundland's industries, on the defensive when union with Canada brought an influx of salesmen from the mainland peddling their wares, are now hitting back.

Some of the island's provincial secondary industries find they can hold their own at home and do all right when invading the other fellow's territory.

The Colonial Cordage Company of St. John's recently received an order from the "mainland" for 20,000 pounds of rope. A local company, Brown-Harvey, Ltd., has established a warehouse at Halifax.

The United Nail and Foundry Company Ltd. has gone further. Recently the firm purchased a foundry in Cape Breton.

Several Newfoundland industries, however, claim their location off the beaten track is against them.

The Associated Newfoundland Industries, Ltd. claims freight rates in the province are higher than on the mainland.

## on the TOWN...

By Jack DeLong

### Merry Christmas

Christmas comes but once a year, From On The Town to all, good cheer. Open letter to Santa Claus. Dear Santa:- I might as well be honest about this visit of yours. Every December I get kind of peeved about your coming because Christmas is a mighty expensive affair. Then the Missus gets cross as a bear if I don't remember to bring home the million and one things she needs to get the house in shape for the big event. Then again, I get so darned sick of reading Christmas stories to my kid, especially one or two that he just can't seem to get enough of. He roams through the big store toylands a couple of times and decides that Daddy's money grows on Christmas trees.

The radio gets on my nerves, too, with Jingle Bells jingling about 371 times a day and all the crooners groaning about a white Christmas.

Frankly Santa, I sometimes think I pay a terrible price for two awful neckties and a bottle of shaving lotion that I pour down the sink when nobody's looking.

But then I get thinking what a dreary old world this would be without Christmas. Kids would miss one of the most wonderful experiences of their lives if you stopped calling the night before Christmas.

The nicest thing about you Santa is that you never grow old.

That night before Christmas thrill is the particular thrill of youth. Every time you come we oldsters borrow back a little of our youth.

That alone makes your visit worthwhile.

Sometimes I think you ought to come more than once a year because some of us forget the spirit of Christmas pretty fast.

So despite my growling Santa old boy, I'm clearing away things from in front of the fireplace and the stockings are hung by the chimney with care in the hope that Saint Nicholas soon will be there. Everybody I talk to feels the same way.

Trusting yours,

Jack DeLong.

Want a nice big Christmas tree for free? If you do, get in touch with Mrs. Douglas Locke at 12241-101 street, phone 72462.

The Lockes have a tree about 12 feet tall that would be dandy for a group party in some hall.

A great, big hearty goodnight to all and especially to Santa Claus.

## Alberta Coal Miners Vote To Accept 80-Cent Boost

Alberta miners in District 18, United Mine Workers of America, will accept the 80-cent-a-day wage increase offered by coal operators.

Although complete figures from yesterday's voting will not be available until later today, Angus J. Morrison, secretary-treasurer of the union, said an early compilation showed voting in favor of the offer.

Balloons were cast all day in the coal fields. Under the agreement, workers in the bituminous fields will receive from \$10.87 to \$11.67. Those in the domestic fields will get from \$10.59 to \$11.39 a day.

The agreement was between the miners and the western Canada Bituminous Coal Operators' Association and the Domestic Coal Operators of Western Canada.

### Snow Betrays Town Culprit

REDWATER, Dec. 23.—The rash of petty coal pilfering which broke out with the advent of cooler weather has been nipped in the bud.

Bill Oumskan, local dealer, reported seeing men taking coal from his coal storage. The culprits left their footprints in the snow leading from the bin, and it was no trick at all to apprehend them.

When faced with the evidence by the village constable, they admitted the thefts and paid for the coal taken.

Auto-Train Victim Dies

CALGARY, Dec. 23.—(CP)—An inquest has been ordered into the death of Miss Patricia Beggs, 24, who died in hospital yesterday.

Miss Beggs was involved in a railway crossing accident several weeks ago in East Calgary, but was not believed seriously hurt at the time.

RELEASED

She was released from hospital two days later and appeared to be in good health until Thursday. Her mother tried to awaken her from her sleep but she did not respond.

The woman was rushed to hospital but never regained consciousness.

Miss Beggs was a passenger in a car when collided with a locomotive.

Part of Food Ration Is Lifted

BERLIN, Dec. 23.—(Reuters)—The east German government yesterday decided to take cereals and some other foods, such as peas and beans off the ration January 1.

But meat, fish, fat, eggs, milk and sugar will still be rationed. Early this year east German government officials promised to abolish the whole rationing system except for meat and fats after the 1950 harvest.

## Death of Fine Canadian Ballet Feared Possible

By John Patterson

TORONTO, Dec. 23.—(CP)—A top-flight English ballet star calls Canadian ballet a "miracle of achievement" in the face of the "terrible odds".

But dark-haired Gail Richards of London, who danced and created lead roles with the famed Sadler's Wells and Ballet Rambert companies, adds this:

"There is danger that ballet in Canada may disintegrate."

The attractive ballerina—in her mid-20s—made a flying visit to this country to see the Canadian ballet festival, held recently in Montreal with companies from all parts of Canada taking part.

She said in an interview here that "Canada is ready for a national ballet company."

"In each of the companies in the festival, I saw one or two dancers who are at an age when they should be dancing or training every day. However, they cannot be expected to improve unless they are given the opportunity."

**MAY MIGRATE**  
"While in Canada will disintegrate and die and Canada will lose this splendid talent unless something is done. Those with ability and courage will go to England or the United States for the opportunities lacking here."

Miss France was commissioned to choreograph "Salome", the first ballet specifically designed for BBC television. She now is working on another series of television ballets.

"But I intend to return to Canada. It is all possible. I love it here and am most anxious to help in any way I can."

"The dancers here have tremendous ability. They are perhaps a shade too athletic," she said, "but the poetic element, as essential in ballet, is completely lacking. I missed this lyric quality."

Also recommended among the recent light classics is "Music from French Operetta" and Jacques Lebreque as vocalist (London, one 10-inch LP). It includes selections from the works of Offenbach, Lecocq, Planquette and Audran.

**POPULAR**  
Two more versions of "The Thing," the current novelty craze, hit the market. Teresa Brewer goes to town on it for London and Tommy Tucker, aided and abetted by Don Brown and ensemble, do it for MGM.

"I Guess I'll Have to Dream the Best" (MGM) ... Johnny Desmond's "Cool as Ice" and "You're The Only One For Me" are among the better of current expiring releases (MGM).

Jo Stafford switches to Columbia label with two discs—"If You've Got The Money You Got The Time" and "Tennessee Waltz" on one, and "The Yearning Imagination" and "Where's My Heart" on the other.

Gail Mitchell has a candidate for the hot parade in "The Roving Kind"—a fast-moving tune about a stage-diving lady (Columbia) ... Nellie Lutcher is her usual brand in "The 'Til I Get Knocked Out" and "To Be Forgotten" (Capitol) ... Benny Goodman's "Secret's in 'Walkin' With The Blues" and "Oh Babe" (Mercury) for the jazz bands (Columbia).

Direct rail communication between Quebec and Windsor, Ontario, opened in 1956 when the Brockville-Toronto route of the Grand Trunk railway was finished.

## Eliot Play To Be Heard

One of the week's dramatic highlights in radio comes from the University of Alberta students of the student Radio Society, next Thursday.

Announced by program director D. C. McDonald, it is a 14-hour production of T. S. Eliot's recent Broadway success, "The Cocktail Party."

The recorded drama will star the distinguished British actor, Alec Guinness, and will include the rest of the original stage cast. It will be heard over CKUA at 8:30 p.m., Thursday.

The work will be the feature of this week's University of Alberta student Radio Society's evening or radio heard each Thursday over CKUA.

## Fall Rains Bring Good Moisture For Seeding

WINNIPEG, Dec. 23.—(CP)—Fall rains have provided a good moisture reserve foundation for prairie crops to be seeded next April and May, the Seale Farm Co. reports in its fall moisture summary.

"The University of Illinois directory lists 138 Smith, 131 Johnson, 38 Brewster and 38 Joneses. The directory lists the names of 17,162 students, from Ansgard to Zytara."

DONNA GAIL RICHARDS ... Edmontonian.

Donna Gail Richards, who has been awarded scholarships by Western Board of Music and by Edmonton Women's Musical Club, has a dramatic soprano voice. She recently gave a concert which was sponsored by the University of Alberta and has also sung twice as a soloist with the Edmonton Symphony Orchestra.

## Series Planned By Philharmonic

A series of two or three symphony concerts has been definitely scheduled to begin in February by the Edmonton Philharmonic orchestra.

Plans are now being considered for one city organization to sponsor the orchestra's concerts. It is possible also that a guest conductor may lead the orchestra in one of the concerts.

Newville, resident conductor Edgar Williams is directing the orchestra in its regular Wednesday evening rehearsals in the library.

### HARK, THE HERALD ANGELS SING

GLORY TO THE NEWBORN KING is heralded by angels Marylyn Mayhew, left, and Ellen Appleford when Sunday School children present Christmas story in traditional pageant form. Peace on earth and mercy mild are prayed for by Yule-spirited little girls, as they sing in solemn stillness.

### CHRIST CHILD BORN IN BETHLEHEM MANGER—NO CRIB FOR HIS BED

AWAY IN A MANGER in the little town of Bethlehem, Christ was born of Mary. Babe, wrapped in swaddling clothes, rests in his tiny bed of hay while Virgin Mother and Joseph watch over him. Simple beauty of the first Noel is illustrated by young Kenneth Thorndall as Mary and Richard Newman as Joseph in the pageant. Children said they understood the story of the birth of the Christ Child after taking part in the Sunday School pantomime presentation. Costumes were created by Mrs. L. Seger and Mrs. Paul Ream.

### WHILE SHEPHERDS WATCHED THEIR FLOCKS BY NIGHT SHINING ANGELS SANG

FLOCKS WERE SLEEPING while shepherds kept their vigil 'til the dawn brought glory of heavenly light and harp-sweet voices of Angels of the Lord. Glad tidings of birth of a Saviour, Christ the Lord, filled the simple men with wonder and wisdom. They left their flocks and travelled afar to see and worship the Holy Babe in the Bethlehem stable. Angels Ellen Appleford, left, and Marylyn Mayhew, appear in the heavenly glow as shepherds Ken Powers, left, Wendy Smith, Rosalind Bull and Kathleen Robinson huddle by their fire in the cruel, cold winter's night.

### Holly-Decked Halls Need Christmas Spirit

By Bea Thrifty

Merrrrrry Christmas everyone! Cavort around your holly-decked halls with happy spirits and give humble thanks that the ordeal part of modern-day Christmas is over... and the holiday part is just beginning.

We earth-bound humans could use a little influence in that matter of "peace and goodwill".

And I must say this year's Yuletide bout in the shops proved "goodwill" is growing thin in spots.

When two tired housewives will exchange bitter words over a two-pound box of brown sugar, "state of the world" needs to have its "peace" batteries recharged.

But I'm fixing a firm smile on my face and another box of tinsel on the tree tonight... and watch me smoke? I intend to be jolly and Christmassy if it's the last thing I ever do. But there... I'm being grumpy again.

What's a mere aching back, bruised budget, trampled corns and sever case of jostle-itis?

When Christmas appeared on the calendar as Monday I sneered at Father Time's poor planning. This particular timing makes a long-winded holiday and bodes ill for the "tousjours gai" inclined.

But that is not for the likes of us!

Are many of you feeling zzzzz about your advance preparations for the Yuletide feasting?

Is the gourmet-pieing gobbler stuffed and ready for the oven?

Do you have your Christmas dinner menu planned out in colorful detail? And I mention color 'cause that's important to every menu... and especially so to "Big Occasion" meals.

'Nother reason I asked I'm curious to know if you're so gay as to plan a red 'n' green Christmas salad to be used as a centerpiece.

And if not... you should be. Jellyed salads are easy as they can be and more so if you use the stock-flavored salad gelatin.

Make a scarlet tomato aspic in star or tree or ring mold and garnish it with green-pea berries.

Now make individual salads of lime jelly powder, chopped carrots, cabbage, celery, onions and a few green peas.

Garnish one with the tother and see if your table setting doesn't become a thing of beauty without a Christmas tree.

Well huzzah for Father Christmas... and happy hunting on the Christmas tree!

## YOUR BABY AND MINE

### Baby Care Now Done The Modern Natural Way

By Myrtle Meyer Eldred

All new mothers—unless they have had previous experience with young babies—tend to be afraid of them. Sometimes, they avoid being left alone for fear something will happen for which their meager experience has not fitted them to deal:

May I admit that my oldest daughter was the very first tiny baby I had ever seen. I was young, and an only, and lived far from my parents. When she cried each afternoon at four, I hadn't the slightest idea why or what to do about it.

Those were the days when the schedule was sacred and as she had been fed at two she was not supposed to get a morsel more food until six. Also, she was breast-fed and I knew nothing about how to promote a better supply or what to do if there was none. No wonder I am so sympathetic with young mothers. I know exactly how loving, conscientious and ignorant they can be.

ANYTHING SHE LIKES

Everything is so much happier for the mother today. She has only to do as she would like to do. If the baby is crying and hungry she can feed him. If she is sure that is not the reason for his crying she can pick him up and cuddle, pat, rock or walk him and not one soul will criticize her for it.

Our latest No. 3, "The First Six Weeks," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

## Tobe on Fashion—

Make It A Fashion Christmas—

With A Marabou Negligee

Shades of the glamorous gals of the '20s. Along with Lorraine Lee and her diamonds,

the marabou negligee is back in fashion, and women have taken to it again, as ducks to water. Nothing seems to make a woman feel more

luxurious than marabou on a negligee, unless it's a white fox cape for evening, and that's back in fashion, too.

Smartest of these new marabou fashions is in slitting satin with wide pointed collars of marabou that look almost like fur. It's formal enough to wear as a hostess gown for television evenings in your own home, too.

Since no chin-lace can truly blur the lines of your face, you should make sure that first of all, you're holding your head erect.

It's possible to do that, even when you bend over your work. A good trick of conscious control—needed sometimes until good posture becomes an automatic reaction—is to imagine that a taut string is attached to the top of your head and is directly tethered to the spot on the ceiling under which you sit or stand.

Think of the string, and you'll even find it difficult to spoil the line of your chin.

## Merry Christmas Everyone

### Yule Wishes Cross Land, Sea To Edmonton's Sons, Daughters

"I'll be Home for Christmas" is just a sentimental song for scores of Edmonton's sons and daughters this year.

War, work and weddings have taken our children to far-away places and the sweet fragrance of mother's plum pudding will travel around the world Christmas Day.

Army boys in Korea will spend Christmas on the threshold of adventure and terror. But a touch of "Christmas at home" will be theirs because of the mass of parcels loaded on Canada boats in the Orient harbors.

There's a touch of Texas in parcels for the Harold Hawes. Their daughter Patricia is a bride of six months and is living in the southern state.

**HALLS OF LEARNING** Tales of Cambridge halls decked with boughs of holly are included in letters to the McGregor family. Daughter Helen is married to scholarship Cambridge University student Bill Hodgson and is living in a "holly little flat" in the beautiful Englewood.

**LIGHTS OF LONDON** Sheila Kettle will see Christmas in London this year. Her mother Mrs. G. D. Meltzer says Sheila loved her summer tour of the British Isles and the continent so much she decided to stay in London. Sheila is involved in important research laboratory work while there.

**Margaret Weir** Anderson is a Nanaimo, B.C. homemaker who's just a mite disappointed about interrupted plans for Christmas at home with family in Edmonton. Margaret and husband Andy originally planned to drive to Edmonton but Old Man Weather put a crimp in their schedule.

Edmonton friends of Mr. and Mrs. Harry Johnson will take time out to wish them a Merry Christmas by proxy to their new home in Winnipeg.

Mr. and Mrs. Johnson left Edmonton last night in Macdonald Hotel Jasper room when Dominion Life Assurance Company held annual Christmas dinner.

Blonde-headed Cloney sisters June and Sheelagh live in Geneva, New York, now and parents Mr. and Mrs. James Cloney have sent messages of Yuletide cheer and large boxes of gifts.

Will Walker, and his bride Margaret are tucked in their cozy nest in Seattle, Washington, far from Walker's parents Dr. and Mrs. C. J. Walker, and far from Mar's family in Calgary.

**Winning "big business"** men Rod McAlpine and Gordon McLean sent greetings back to their Edmonton friends and yearned for the lights of home.

Shirley and Ian McGregor, living now in Calgary with their two tiny daughters, couldn't manage the trip home to family for Christmas. So they mailed family, Mr. and Mrs. Fred Phipps, come to the southern city for the holidays.

Other Calgary couples are Hugh and Marie Baker, Bruce and Shirley Bailey, Howard and Zola Rose.

**STAFF** get-together took place last night in Macdonald Hotel Jasper room when Dominion Life Assurance Company held annual Christmas dinner.

## College Kiddies Visited at Party By Jolly Santa

Rudolph the Red-Nosed Reindeer and Santa Claus in Edmonton College yesterday for a jolly Christmas party.

More than 125 children welcomed Santa with warm hearts and snapping eyes. They greeted him with shouting acclamations of the young-people guiding the evening.

Presented at the college, Mrs. Howard Hanson presented the gifts. Mrs. Guy Patterson poured tea. Assisting in serving were Mrs. Fred Sohier, Mrs. Muriel Walters, Mrs. A. E. Skene.

Santa Claus gave his Hudson Bay catalogue for the year and distributed \$10 and treats to children who had been good. Santa Claus and his reindeer were dressed in white and red. Santa Claus and his reindeer were dressed in white and red. Santa Claus and his reindeer were dressed in white and red.

THE GREEN CHRISTMAS TREE, full of light and colour, inspires the old, yet ever-new refrain that Christmas Day belongs to all mankind. On this day the Child was born who has taught us to love and to give.

This celebration in memory of his birth gives life to the wholesome joys of the past and bids us forget for this one day the agitation and anxiety of the world, and continue for the whole year with new vision, new hope, new faith and generous belief in the goodness of man, and his willingness to help build God's Kingdom on Earth . . . dedicated to self-abnegating righteousness in the Fatherhood of God and the Brotherhood of Man.

Let friendliness and love by all, and for all, blossom forth and grow on this Christmas Day for . . .

## DOROTHY DIX SAYS

### When Love Cools Off Cut Down Number of Dates

DEAR MISS DIX: Is it possible for two people who really love each other to become somewhat tired of each other during a period of nine months' steady company?

I've been going with a man I am sure I love, yet his company has become slightly irksome at times. We see each other Wednesdays, Saturdays and all day Sundays. Do we see too much of each other? We are not engaged. He is 34 and a lawyer. I am 31 and a housewife. I want to get married, the probable cause of which is that I am afraid of marriage. I feel that things are dragging and that I must make a dash for it. I don't intend to touch all my life, and if he isn't interested, some one else might be.

MARGARET

ANSWER: If you will cut out the

gloomy Sunday business and just have a couple of dates in the evenings during the week, with perhaps Saturday evenings thrown in for good measure, I think you will see that the young man's ardor will revive. You may ask how you and the man will stand each other's company after marriage if you get bored with each other before marriage. Before marriage all that sweethearts have to talk about is the state of their affections, but a husband and wife have a million topics of interest to discuss because they have everything in common.

THIS SIMPLE exercise for weak feet is suggested by Josephine Lowman in answer to a reader's question today.

## WHY GROW OLD

### Potatoes Provide Starch; Can Be Eaten by Dieters

By Josephine Lowman

Q. "Why do you have potatoes on your reducing diet? I always thought potatoes were one of the first items one should leave off."

A. Potatoes have a bad reputation among dieters because they are very high in calorie count when they are fried, or creamed or scalloped or stuffed. Actually, a baked potato of average size has about 90 calories and provides excellent source of vitamins and minerals. If you put a very little butter on it or eat it with salt only, the calorie intake is not high. Also, while we cut starches, and eat a low on the reducing diet, yet we need some starch and this is one of the best ways to get it.

Q. "Please give me an exercise for my feet. They are weak. Some simple one."

A. Sit on a chair. Raise your legs out in front of you—feet off the floor. Wiggle your toes. Do this for quite a while, rest and do it some more. Also grip with the toes. Hold. Relax. Grip some more.

## Now Synthetics For Synthetics

Now that women have grown accustomed to using synthetics that look like fabric, straw or leather, manufacturers of synthetic materials are trying to find synthetics for the synthetics they're currently using.

It sounds confusing, but many of the vital synthetics now in use are needed for essential war production, and the manufacturers are afraid they won't be able to fill the demand on the retail market.

## Gift-Wrapping Trick Gives 'Personal Look'

Making exciting looking Christmas presents is far easier than it sounds, it just takes an understanding of a few simple tricks.

Instead of using the same old tissue paper and Christmas seals why not just trim the box? All sorts of interesting effects can be achieved by using a few of the raw materials you can find about your house.

Leftovers of old wallpaper, last year's Christmas cards, bits of ribbon and scraps of gay wool—just can make use of them all. Add to them some bright showcard paint, aluminum foil, colored pipe cleaners, candy canes, cranberries, Christmas greens and whatever else suits your fancy.

## FINE FRIENDS

And don't forget that the gift wrapper's best friends are scissors, glue and Scotch tape.

Here are a few suggestions: To a large white box painted over with aluminum paint attach evergreen snipping in the shape of a Christmas tree. Trim your miniature tree with cranberries or little silver balls, stuck to its branches with a touch of glue. And you might top it off with two silver stars glued together.

Wallpaper can be used in a variety of ways. If you have a particularly pretty flower motif you might cut out the flowers and paste them on the box top.

Try covering a whole box with striped paper. Then brush wiggly lines of blue between the stripes and blow silver or gold dust across it while it's still wet.

CARDS HELPFUL

Another bright idea is to take a winter scene from an old Christmas card and glue it to the box top. Achieve a three-dimensional effect by adding a miniature evergreen tree.

Brush its branches lightly with gold or silver dust or trim it with tiny ornaments.

A particularly gay gift box is simply painted a bright color with showcard paint and your personal message is splashed across it in a contrasting shade.

To brighten faded spots on your rug, apply a home dye solution with an ordinary window spray on with a brush. The color, if prepared according to directions on the box, should go on evenly and make signs of wear practically unnoticeable.

## Disappearing Trick Done Best by Women

Forty years ago a pretty 25-year-old housewife was looking for a friend on Fifth Avenue in New York when she became one of the celebrated disappearance cases in history.

Francis Arnold, wealthy perfume importer, spent more than one hundred thousand dollars on the search for his daughter, Dorothy, but in vain. The girl had then a casual escape of her ever turned up, nor any reason for her disappearance.

The girl also then a casual escape of her ever turned up, nor any reason for her disappearance.

Police say the Dorothy Arnold case shows that a woman, especially a young woman, can disappear a lot more easily than a man.

The reason? A man, even a young man, is likely to have business connections or other entanglements and obligations that will provide clues he can't completely wash away.

Coworkers of the Canadian Red Cross blood transfusion service entertained at a shower at the depot when a breakfast table was presented to the bride-elect. They also entertained at a luncheon in honor of Miss Deegan on Wednesday.

Cleaning greens. Add white vinegar to the water and let greens remain in same. All insects will come to the surface.

## Holiday Charm Depends on Care; Grooming, Rest

Belle looking ahead to holiday balls should realize it takes more than anticipation and a fancy new dress to add up to glamour.

If you'd like to achieve head-to-toe loveliness, with no forgotten details to mar the joy of shining, bespoken Yuletide evenings, begin now to set aside evenings for special grooming routines.

Elbows, which are often overlooked, should rank high on your check list. Hidden now since early fall under sleeveless, they may have become dry and acrid. To make them satiny for evening appearance, scolding, softening and lubricating are in order.

Begin by washing up a fruit of soap suds in warm water and apply the latter to your elbows with a medium hard soapbrush.

If there are dark areas, you may wish to use a mild, ordinary kitchen lemon fill the bill. Mix a little cut one in two, then sit for 15 or 20 minutes with your elbows cupped in the lemon halves. This acts to lighten unsightly discolorations.

After the bleaching, wash your elbows again and dry carefully. Then smooth on a light film of the baby oil for softening and lubrication.

An occasional overnight treatment of this oil will aid in warding off the elbow roughness that detracts from otherwise smooth and pretty arms.

This helps to action finger callouses and to banish brittle nails.

## Traditional Road Changes Started

### Route of Three Wise Men Prepared for New Pilgrimage

By Agre Wallenstein

JERUSALEM, Dec. 23.—(Reuters)—The traditional road of the Three Wise Men to Bethlehem is being demined, trenches are being filled in and obstacles are being removed to prepare it for a pilgrimage by 95 diplomatic and consular officers.

The pilgrims plan to drive Sunday from Jerusalem to Bethlehem. The road follows the route to the manger of the Three Wise Men on the eve of Christmas.

Pilgrims using the route will comprise 43 United Nations men and 52 diplomatic and consular officials of western countries.

Arthur Birn, Israeli district commissioner in Jerusalem, said today: "It is gratifying to note the spirit of co-operation existing between Israel and Jordan to enable free movement between the two parts of Jerusalem."

"It is further indication of the two governments desire to safeguard the facility of worship at Holy Places by Christian communities."

Seven Arab families separated by Israel-Jordan three since the end of hostilities in the Holy Land will be reunited in the Jerusalem women's camp by special permission of the two governments.

SPECIAL RATIONS  
Seventy 120,000 Christmas in Israel.

The Indian census will be the second largest ever undertaken. An army of 800,000 enumerators will begin counting next Feb. 9 and will finish the gigantic task by sunrise March 1.

Numbering of houses has already been completed, and it is estimated that there are about 64,000,000 households to be covered.

But it is one of the largest. The Indian census will at the same time be one of the cheapest in the world. With the exception of the census superintendents and the staff engaged in tabulation, all workers are honorary.

Thousands of people training from state government officials to help census have volunteered at work free of charge, which has made it possible for India to carry out her census at a fraction of the cost of the amount spent by the United States.

From Cape Comorin in the south to the northern fringes of Kashmir in the north, the enumerators will gather 21 different facts about each individual. They will ask age, nationality, religion, mother tongue and whether married or single; education and economic status; whether dependent or self supporting; and means of livelihood.

In Norway and Sweden no one may cut trees even on his own land without a forest supervisor's permission.

It said there was a "stable shift of funds" to Canada and to Britain in apparent anticipation of or as a protection against a rise in foreign currency values relative to the U.S. dollar.

## More Schools Said Needed In Five Years

MCHIBIDE, B.C., Dec. 23—100-odd district school board at its recent meeting made preparations for a large increase in school population in the next few years.

At the present a school built to accommodate 165 pupils has 250, with classes being held in the basement and every available space—even the stove room. A four-room school has been provided for the coming year to be built from part of proceeds of the recent bylaw.

But a survey of pre-school children indicates that in five years a ten-room school will be needed. The board is faced with the problem of space as present grounds leave no extension for an athletic program essential in the plans of the department of education. ACROSS THE NATION...

We hope that every home on every street across the nation will share abundantly in the cheer and good-fellowship that are the heart and essence of Christmas! Our message to our friends in every part of Canada is one of gratitude, and, thanks: gratitude to our customers for their support and confidence throughout the year; thanks to our staff for their unfailing loyalty and co-operation during the busy Christmas season. We wish for all our friends the joy and contentment that are implicit in the simple greeting—

"A Very Merry Christmas to All!"
